Savannah Niemeyer

Web Developer in Kansas City, MO

I have been in the hospitality industry for over a decade, but have been striving to learn a variety of new skills to break into tech. I am a creative problem solver and a hard worker, and am excited to apply those skills to a new career.

WORK EXPERIENCE

Server — Harry's Bar and Tables, Kansas City, MO

April 2014 - Present

- I serve customers in a fast-paced, high-volume environment with an excellent team. I fulfill orders professionally and efficiently while maintaining friendly conversation and a hospitable disposition. Additionally, I keep up-to-date with product knowledge as necessary.

Bartender — Ollie's Local, Kansas City, MO

October 2015 - April 2019

- I tended bar here at a small, hospitality-driven neighborhood bar and restaurant. Other tasks: I curated and updated the craft beer menu, managed the drawer at the end of the night, and assisted with the social media marketing.
